ORAL ROBERTS  
UNIVERSITY

April 2, 2004

To Whom it May Concern:

Clinton Kennet is an audio engineer with excellent skills, and also character qualities such as integrity, honesty, compassion, and sacrifice. Clinton has been involved with Oral Roberts University since 1995, serving as a sound engineer, consultant, and spiritual leader. Clinton is a person who strives to do his best in every situation and one who keeps his word. If Clinton says something will be done in a certain way, you can count on it every time.

We are pleased to have a working relationship with Clinton because of his commitment to excellent and value for the customer. This summer, we are utilizing his services for our tour teams, and we have nothing but good to say about him.

I highly recommend Clinton Kennet for any sound engineering needs you might have. You will not be disappointed. Expect only the best from him and his staff.

Sincerely,

A handwritten signature in cursive script that reads "Edwin Miranda".
